	<ul> <li>Measurement of intelligence (Verbal and non-</li> </ul>		
	verbal tests of intelligence)		
	<ul> <li>Intelligence quotient and education</li> </ul>		
	Creativity:		KK
Unit V	Concept of creativity	6hrs.	
	• The components of creativity		
	• Its identification and nurturance.		
Engagement	Any one of the following :-		
with Field /	i. Observe the various age group children (Early	32hrs	
Practicum	childhood, Later childhood, Adolescent) in		
	various situations like in the classroom,		
	playground, at home, with parents, friends,		
	siblings and list down the characteristics of them		
	in physical, social, emotional and intellectual		
	domain.		
	ii. List down different maladjusted behaviours of		
	adolescents which you could identify from the		
	classroom and out-side classroom. Take		
	interview of a few and try to understand the		
	factors that may be responsible for their		
	behaviour.		
	iii. Visit a school (Practice Teaching) and find out		
	the different measures/activities taken by school		
	or teachers for healthy mental health of the		
	children by interviewing school teachers.		
	iv. Development of Question Box activities (can be		
	carried out by student trainees during practice		
	teaching).		
	(a) To provide authentic information on physical,		
	physiological and psychological changes and		
	development during adolescenceand		
	interpersonal relationship issues pertaining to		
	adolescents. (b)To list down the instances of		
	peer pressure which may have		
	harmful consequences for the students and the		
	ways adopted by them to face or cope with these		
	unfavourable situations. (Smoking, injecting drug		
	etc.)		
	v. Find out the plug-in points from your school		
	subjects and link it with the components of		
	Adolescence Education. Also plan out		
	supplementary co-curricular activities for the		
	same.		
	vi. Observe some successful individuals and list		
	down the behavioural characteristics which		

	impress you.
	vii. Take interview of five low achievers and five
	high achievers and find out their ways of
	learning.
	List down few (classroom) learning situations
	involving insightful learning.
Mode of	Lecture, Discussion, Case Study, Experiments, Problem solving, Audio-
Transaction	Video, Film Show.

SEMESTER-III	School Internship	Theory	Engagement With the Field	Credit	14
	···· <b>·</b>	-	35 0	Class Hours	448

At least 60 learning designs should be delivered (duly prepared and approved learning designs by the Teacher Educators)
During this semester the student teachers are acquainted with the overall conduct of the school
activities and record keeping. It may include morning assembly, class time table, attendance
register, stock register, mid-day meal, conduct of periodical meetings, purchase and consumption
and co-curricular activities.
Student teachers will be able to recognize the needs of In-Service Programme. Internship, as such,
orients and acquaints the student teachers with the overall workingof the school to make
him/her fit to conduct himself/ herself in all activities of the
school.
School Internship
(*Community –based activities shall consist of the following)
• Organization of a rally or campaign on any social issue e.g. Polio, HIV, Electoral Rights, Gendersensitization
etc.
• Gardening.
Cleanliness of the campus and beautification
Cleaning of furniture
• Assembly
Community Games
Cultural Programmes
• SUPW
Scout & Guide /NSS
Celebration of National Festivals, Teachers Day etc.
• First Aid
Aesthetic development activities- decoration of classroom etc
