Inauguration Programme of Rain Water Harvesting

Date -28.06.2023

Organized by Department of Geography and IQAC

Department of Geography of Yogoda Satsanga Palpara Mahavidyalaya had been taken some initiatives to procure applied knowledge of geography among the students, which will be beneficial for the students as well as for the institution. Rain Water Harvesting is such a project which was inaugurated on 28th June in the college campus at 12 noon. The rain water harvesting was done to provide water in a herbal garden in the campus as well as the excess water will be used for surface recharge in the pond of the campus. The name of the project was ‘**Rain Water Harvesting and Micro Irrigation Technology**’, which was done by following “**Basutirtha Model**” for water conservation and management. The Model was Inaugurated by the Dr. Pranab Shao, Assistant Prof and H.o.D. of the Department of Geography, Seba Bharati Mahavidyalaya ,Jhargram and Dr. Aniruddha Sinha, IQAC co-ordinator of our institution in the presence of Dr, TusharKanti Mondal ,convenor of NAAC steering committee,Dr. Mrinal Kanti Dey, H.o.D. of the Dept. of Philosophy ,Dr. Pragna Bhattacharya ,H.o.D. of the Dept. of Geography and other faculty members of the institution.

Rain Water Harvesting (RWH) is the collection and storage of rain, rather than allowing it to run off. Rainwater is collected from a roof-like surface and redirected to a tank. Rainwater harvesting is the simple process or technology used to conserve rainwater by collecting, storing, conveying and purifying of rainwater that runs off from rooftops, parks, roads, open grounds, etc. for later use. Here in our institution, from the roof of the new building rain water is collected in tank and the water has to be used for the gardening of some herbal plants. It would be a continuous process and would be looked after by the students of Department of Geography as well as members of Nature Club of the Institution.

Sub: Applying for the inauguration programme for the Rain Water Harvesting Project and Weather Station.

Sir,

With due respect this is to inform you that the Department of Geography in collaboration with IQAC of the Yogoda Satsanga Palpara Mahavidyalaya is going to organize an inauguration programme of the "Rain Water Harvesting Project and Weather Station" in the new building premises and at the top of the new building respectively on 28th June at 12 noon. In this regard I am seeking your kind permission for arranging the programme and also inviting you to inaugurate the said activities for the better interest of the institution. Waiting for your kind opinion.
