## Policy Document on Environment and Energy Usage

The Yogoda Satsanga Palpara Mahavidyalaya, Purba Medinipur, West Bengal, is an eco-friendly and environmentally concerned institution of Purba Medinipur District. The college has taken different policies on energy savings and quality environment.

### ❖ Objectives:

- To develop awareness about environmental issues.
- To understand one's responsibility towards energy conservation.
- To reduce waste production on campus for all activities and programs.
- To initiate water management and conservation practices.
- To encourage green practices within the campus and beyond
- To maintain cleanliness and sanitation on campus.
- To provide a pollution-free healthy environment.

### ❖ Plan of Implementation/ Practices:

The College is dedicated to environmentally friendly growth in all of its attempts. Accordingly, the areas listed below should be taken into account when streamlining practises for energy and environmental conservation.

#### A. Energy conservation and management

- To install and use LED bulbs in the College campus to save energy.
- To invest in power-efficient equipment.
- To create awareness that small actions matter – “Save Energy” labels/posters are put up at various locations in the College.
- Use of natural lighting and ventilation is encouraged as and when possible.
- To ensure the availability of necessary resources to achieve our objectives

#### B. Waste management -Solid, Liquid & e-Waste Management

- Reduce waste production on campus.
- Follow Eco friendly practices in daily activities and programs.
- Reduce usage of paper by encouraging techno-centric teaching and administrative model.

#### C. Water Conservation and Management

- To use rainwater recharge pit for water conservation and management.
- Planting an indigenous variety of plants and less water-requiring plants in the College campus.
- To create awareness that small actions matter by putting up Save Water labels/posters are put up in various places in the College.
- Periodic mending and repairs of leaks in taps and pipes are done.

#### D. Clean & Green Campus

- There are a good number of trees and other plants in the green cover. The goal of the college is to create a more respectable environment.
- To undertake a tree plantation drive

- To minimise emissions of local air pollution by using eco-friendly vehicles, such as bicycles, public transportation, and pedestrian-friendly roads.
- To maintain cleanliness and sanitization throughout the campus.

#### E. Taking up awareness initiatives and environment-centric activities

The college promotes environmental awareness, participates in green projects, and runs green literacy programmes in an effort to preserve the environment and save energy. Environmental Studies is one of its academic subjects. Students participate in a variety of programmes and activities aimed at raising awareness.

The college initiative to arrange more awareness programme in the local community about efficient energy usage, environment protection and sustainable development.
