## INTERNAL COMMITTEE FOR STUDENTS WITH DISABILITIES

This report is submitted for the Internal Committee for Students with Disability of Y. S. Palpara Mahavidyalaya as part of our ongoing committee to create an inclusive learning environment for students with disabilities. The report provides an overview of the college's efforts to promote accessibility, support students with disabilities and address the challenges they face.

Considering the problems faced by students with disabilities, the following measures have been taken by Internal Committee for Students with disability-

1. The students with disabilities who take admission in different courses are given maximum support. At first, after taking admission, a meeting is fixed with the students and their parents. From the parents, we get to know the different problems the students face in their daily activities. As these type of students cannot share their problems, we try to know from their parents which kind of assistance they need. So, we conduct Parents-Teachers meeting on regular basis.
2. As they feel themselves inferior to the others, the Internal Committee for Students with Disabilities provides mental legal support and awareness.
3. Any personal problem (e.g. Aadhaar card related problem) is solved on immediate basis.
4. Free photocopy facility is also provided to the disabled students. They can photocopy their study materials from college library and no charge is taken from them.
5. Financially poor students who are unable to pay their course fee are given financial assistance.
6. Health care facilities is also given to the disabled students. Primary health care assistance is provided to them from the health centre of college. If further assistance is needed, they are taken to Gonara Primary Health Centre. Mental health issues are also addressed.
7. These types of students are protected under Revised RPWD Act, 2016(RPWD ACT, 2016). They are given the copies of this act and they can also get copies of this act from college website.
