	Gardner's theory of Multiple Intelligence,)		
	Measurement of intelligence (Verbal and non-		
	verbal tests ofintelligence) • Intelligence quotient and education		
	Creativity:		KK
Unit V	 Concept of creativity 	6hrs.	
	 The components of creativity 		
	 Its identification and nurturance. 		
Engagement	Any one of the following :-		
with Field /	i. Observe the various age group children (Early	32hrs	
Practicum	childhood, Later childhood, Adolescent) in		
	various situations like in the classroom,		
	playground, at home, with parents, friends,		
	siblings and list down the characteristics of them		
	in physical, social, emotional and intellectual		
	domain.		
	ii. List down different maladjusted behaviours of adolescents which you could identify from the		
	interview of a few and try to understand the		
	factors that may be responsible for their		
	behaviour.		
	iii. Visit a school (Practice Teaching) and find out		
	the different measures/activities taken by school		
	or teachers for healthy mental health of the		
	children by interviewing school teachers.		
	iv. Development of Question Box activities (can be		
	carried out by student trainees during practice		
	teaching).		
	(a) To provide authentic information on physical,		
	physiological and psychological changes and		
	development during adolescenceand		
	interpersonal relationship issues pertaining to		
	adolescents. (b)To list down the instances of		
	peer pressure which may have		
	harmful consequences for the students and the		
	ways adopted by them to face or cope with these		
	unfavourable situations. (Smoking, injecting drug		
	etc.)		
	v. Find out the plug-in points from your school		
	subjects and link it with the components of		
	Adolescence Education. Also plan out		
	supplementary co-curricular activities for the		
	same.		
	vi. Observe some successful individuals and list		
	down the behavioural characteristics which		

	impress you.
	vii. Take interview of five low achievers and five
	high achievers and find out their ways of
	learning.
	List down few (classroom) learning situations
	involving insightful learning.
Mode of	Lecture, Discussion, Case Study, Experiments, Problem solving, Audio-
Transaction	Video, Film Show.

Unit III	Mathematics Teacher and Teaching learning process inMathematics: • Teaching methods in mathematics- e.g. Inductive & Deductive Method, Method of analysis and synthesis, Projectmethod, Mathematical induction, Heuristic method, Problem Solving Method. • Learning Resources in relation to Teaching of mathematics with special reference to calculator and computer. • Pedagogical analysis and learning designing. • Qualities and professional growth of Mathematics teacher.	6hrs.	AG		
Unit IV	Mathematics education in a cross-cultural perspective: • Anxiety associated with learning of Mathematics • Maths laboratory • Maths club • Connecting mathematics to the environment • Management of learning of slow and gifted learners	6hrs.	AG		

Unit V	 Assessment and Evaluation: Assessment and evaluation-meaning, scope & Types Different types of test items Techniques of Evaluation in Mathematics Basic principles of construction of test items Continuous and Comprehensive Evaluation (CCE) 	7hrs.	AG
Engagement with Field / Practicum	 Any two of the following: Write an essay on nature of Mathematics and contribution ofIndian Mathematicians. Preparation of various teaching aids. Preparation of programmed learning material for selectedUnits in Mathematics. Evaluation of Mathematics text book. Construction of various types of test items. Construction of achievement and diagnostic tests. Identify the slow learners, low achievers and high achievers in Mathematics from the classroom during practice teaching.(Case study) Conducting of Action Research for selected problems. Development and tryout of Teaching-learning strategy forteaching of particular Mathematical concepts. Use of Computer in Teaching of Mathematics. Use of Mathematics activities for recreation. Development and use of Mathematics laboratory. Prepare mathematical activities in the context of socio-cultural aspects. 	64hrs.	
Mode of Transaction	Lecture, lecture cum Discussion, project work, Demo Aid, Action Research, Visit, Group work and its Pres		A. V.

SEMESTER-III	School Internship	Theory -	Engagement With the Field 35 0	Credit Class Hours	448

At least 60 learning designs should be delivered (duly prepared and approved learning designs by the Teacher Educators)

During this semester the student teachers are acquainted with the overall conduct of the school activities and record keeping. It may include morning assembly, class time table, attendance register, stock register, mid-day meal, conduct of periodical meetings, purchase and consumption and co-curricular activities.

Student teachers will be able to recognize the needs of In-Service Programme. Internship, as such, orients and acquaints the student teachers with the overall working of the school to make him/her fit to conduct himself/ herself in all activities of the school.

School Internship

(*Community –based activities shall consist of the following)

- Organization of a rally or campaign on any social issue e.g. Polio, HIV, Electoral Rights, Gendersensitization etc.
- Gardening.
- Cleanliness of the campus and beautification
- Cleaning of furniture
- Assembly
- **Community Games**
- **Cultural Programmes**
- **SUPW**
- Scout & Guide /NSS
- Celebration of National Festivals, Teachers Day etc.

Aesthetic development activities- decoration of classroom etc

SEMESTER-IV

Course-VI	Gender, School	Theory	Engagement With the Field	Credit	2+1		
(1.4.6)	andSociety 50	25	Class Hours	32+32			
	The student teachers	will be able to	;-	•			
	1. Devel	op gender sens	itivity among the stu-	dent teachers			
	2. Under	stand the gende	er issues faced by the	schools.			
			igm shift with referen				
Objectives	4. Under	stand how gen	der, power and sexua	ality relate to	education (in		
	terms of access, curriculum and pedagogy).

Units	COURSE CONTENT/ SYLLABUS	Class Hours	Name of Faculty
	Introduction to inclusive Education:		AM
	Concept & history of special education, integrated		
	education and inclusive Education & their relation	6hrs.	
	Philosophical, Sociological, Economical & Humanitarian		
Unit I	dimensions of inclusive education Advantages of		
	inclusive education for the individualand society.		
	Factors affecting inclusion.		
	Legal and policy perspectives:		AG
	Important international declarations / conventions /		
	proclamations- BMF (1993-2012), recommendations of	71	
	the Salamanca Statement and Framework of Action	7hrs.	
	(1994), UNCRPD (2006). National initiatives for		
Unit II	inclusive education – National Policy on Education		
	(1968, 1986), Education in the National Policy on		
	Disability (2006), RTE Act(2009). Special role of		
	institutions for the education of children with		
	disabilities- RCI, National Institute of Different		
	Disabilities.		135
	Defining learners with special needs:		AM
	Understanding differently abled learners – concepts,		
	definitions, characteristics, classification, causes and	7hrs.	
	preventive measures of V.I, H.I, SLD, LI	/1115.	
	Preparation for inclusive education – School's readiness		
	for addressing learner with diverse needs Case history		
Unit III	taking, Assessment of children with diverse needs		
	(MDPS, BASIC-MR, FACP, VSMS, DDST,		
	UPANAYAN and related others) to know their profile		
	and to develop individualized Education Programme (IEP / ITP) Identification and overcoming barriers for		
	educational and social inclusion		
			AC
	Inclusion in operation: Class room management and organizations, curricular		AG
	adaptations, learning designing and development of		
	suitable TLM Pedagogical strategies to respond to	6hrs.	
	individual needs of students: Cooperative learning		
	strategies in the class room, peer tutoring, social		
Unit IV	learning, buddy system, reflective teaching, multisensory		
	teaching etc. Technological Advancement and its		
	applications – ICT, Adaptive and Assistive devices,		
	equipment, aids and appliances		
	Teacher preparation for inclusive school:		AG
	Problems in inclusion in the real class room situations;		113
	waysfor overcoming the problems in inclusions. Review		
	of existing educational programmes offered in	6hrs.	
	secondary school (General and Special School). Skills		
Unit V:	and competencies of teachers and teacher educators for		
	secondary education in inclusive settings. Teacher		
	preparation for inclusive education in the light of		
	NCF, 2005. Characteristics of inclusive school.		

Engagement with the field/ Practicum	Any one of the following: Collection of data regarding children with special needs fromMunicipal records. Visit to Inclusive Schools and to observe classroom transaction of any one of such school in Baroda and make areport of the same. Identifying one/ two pupils with special needs in the primaryschools and preparing a profile of these pupils. Preparation of teaching aids, toys, charts, flash cards for children having any one type of disability (Visit to ResourceRoom). Preparation of learning design, instruction material forteaching students with disability in inclusive school. Developing list of teaching activities of CWSN in the school. Case Study of one main streamed (Inclusive) student w.r.to A) Role of a parent. B) Role of a teacher: Special School Teacher, GeneralSchool Teacher C) Role of Counsellor. Visits to different institutions dealing with differentidisabilities and their
Mode of	classroom observation.
transaction	Lecture, Discussion, Case Study, Field Visits, Problem solving, Film Show
